

Hazman Harif

PERSONAL DETAILS

Name	Hazman Bin Harif Fadilah
Address	Kuala Terengganu, Terengganu
Telephone	0169257939
E-mail	hazmanhariff@gmail.com
Age	29

PROFILE

Passionate Geologist majoring in mineral exploration and green mining technology. I study and research rare earth minerals detection using geoelectrical and FBG hybrid technology. I also have experience in designing in situ leaching models for sustainable mining in the future. With recent experiences and skills, I am looking forward to joining an organization that provides room and relentless opportunities for growth.
